SUPPLEMENT

TO

THE TRAINING SCHOOL BULLETIN

VINELAND, NEW JERSEY

DONATIONS

From October 1929 to October 1930

DONATIONS

Our School belongs neither to the State nor to private individuals, but is a public benevolent institution controlled by an association of philanthropic people. Each member of the Association is a contributor to the School and we need also the help of other friends.

Several buildings are much needed to replace old, worn ones.

We are endeavoring to increase our small Endowment, the interest of which is used for buildings and equipment.

You may be interested in contributing toward the support of a child for whom there is no other provision, thus aiding the Free Fund.

We need a permanent Foundation or Endowment for Research Work among mentally deficient children. Several friends have contributed $25,000 to such Endowment but we should have $250,000 to allow sufficient income to carry on the work.

Gifts for the instruction, amusement and entertainment of the children are always most welcome.

If you have not the means to give yourself you may be able to interest some one else to contribute. We shall be pleased to have you visit or bring others to visit and see what we are doing for the children.

If you desire to give to The Training School, but need the interest on the money during your lifetime, you may take an ANNUITY CERTIFICATE which our Board of Trustees grants—in legal form—whereby you will be paid interest on your gift at five per cent during your lifetime.

The following are legal forms of bequest and devise:

PERSONAL PROPERTY

I do give and bequeath to The Training School at Vineland New Jersey, the sum of.....dollars, and the receipt of President and Treasurer shall be sufficient receipt and acknowledgment for my executors.

REAL ESTATE

I do give and devise unto The Training School at Vineland New Jersey, their successors and assigns forever, all that certain (describe the estate) with the appurtenances.

"If we want civilization to march forward it will march not only on the feet of healthy children, but beside them, shoulder to shoulder, must go those others—those children we have called "handicapped"—the lame ones, the blind, the deaf, and those sick in body and mind. All these children are ready to be enlisted in this moving army, ready to make their contribution to human progress; to bring what they have of intelligence, of capacity, of spiritual beauty. American civilizaton cannot spare them."

—William J. Ellis
